Mr. Fisher presented a portfolio showing the recent history of the police pension fund and the volatility of the stock market and other areas in which CIM is investing the township funding for the police pension. Barb reviewed the what state aid the township had been receiving since 2010 and how payments being made by the township had increased dramatically the last couple years. The projections for the township to pay into the MMO in 2017 range around \$40,000 if the police contribution drops from 5% to 3%. The Board decided the police contribution will remain the same, at 5% for 2017. His group is seeking a TIF (Tax Increment Financing) in order to help subsidize the project up front. If all goes well and the school district is favorable to their plans, in addition to the township, Spring 2017 construction

**9:00pm      ITEMS FOR DISCUSSION**

Solicitor Mike Jones mentioned he had three items to discuss, but they would all fall under the Executive session agenda. Manager Norm Kraus brought up the issue of alcohol being sold at the Coach Potato Jam, the Car Cruise and the BBQ and Blues Fest. Mike Jones pointed out the Township does not have a license, and thus, could not sell alcoholic beverages at these events. He is going to research the PA LCB Guidelines as to whether a “BYOB” status could be used at these events. Manager Kraus also brought up the issue of the township investing in AEDs and LEDS, as per the recommendation from Karen Beck of Optimus Risk Services, the Loss Control Consultant for the township. The Board agreed to have Mr. Kraus, along with Chief Uhrmacher, proceed with buying the AEDs and LEDS using some grant monies that the police department were awarded for their bullet vest application. Mr. Kraus also posed the questions the Park Board had from Recreation Director Trisha Hannah to pose the BOC. As for what their role is as member of the park board, it comes down to them being volunteers willing to organize and work events at the park and also make recommendations to the BOC as a Board that the BOC would take under consideration. They are an advisory board that makes recommendations. As for the hoodies they were promised, check the budget line items. Lastly, the Friends of Hopewell Park inquired as to what vision, projects, ideas, etc., the BOC might want to direct them as far as fundraising goes. The BOC responded that as long as the goals and fundraising were targeted for Hopewell Park, it would be up to the Friends of Hopewell Park committee to decide.
